

# ROLLER BANNER ASSEMBLY INSTRUCTIONS

Follow these simple instructions to erect your roller banner in a matter of minutes!

1. Remove the roller banner from the carry case.
2. Turn the feet out from the bottom of the base.

3. Remove the pole from the case and plastic sleeve.
4. Slot the pole together.

5. Secure the bottom of the pole into the hole at the rear of the stand ensuring it is securely in place.

6. Standing at the rear of the banner extend the panel upwards from the banner stand.

7. Secure the clip at the top of the pole into the groove in the header bar.

## WARNING

Please take care to ensure when extending the banner panel not to release it without ensuring it is securely fastened in place. This can result in damage to the banner.
